**IMPORTANT TO  
STAMP COLLECTORS!**

**I HAVE TO THANK THE PHILATELISTS of Hawaii for the liberal appreciation** which **my** late advertisement has received. It is safe to say that hundreds of collectors of **any** country's stamps have been sent away without receiving more than half their value in return, and what is far worse, every collector gets a quality of stamps and duplicates, by the plan which **I** here so successfully worked up, everyone gets only such stamps as he needs; and **for** good, he gets full value for his money. **My** kind of Hawaiian Stamp. The prices which **I** allow are better than those of **ANY** EUROPEAN Stamp Dealer, and **my** prices are higher than most American Stamp Dealers pay.

**I** receive fresh sheets of stamps by every mail, and sell them on request at a low address. The prices for these stamps are as low as those of the largest dealers. Hawaiian Stamps are good for exchange, and it should be to the mutual interest of all our Philatelic friends to assist me in **my** efforts to make every hundred stamps bring only what will add to collections, and save a host of worthless duplicates.

**I** in less than nine months **I** have an album of nearly **Four Thousand** specimens by confiding myself to the above.
